G GAUR

© 1967 BY WESTERN PUBLISHING COMPANY, INC.

The GAUR, of India is the largest of the world's wild oxen and standing 6 feet 4 inches tall . . . He ranges to Viet Nam.

The Gaurs graze on jungly hillsides, and their only enemies are the great cats which prey on and kill the sick and small calves.

The largest tiger is no match for a full grown bull Gaur, however, and the calf killer risks a most deadly vengeance.

A wounded Gaur, like the African Cape buffalo, is known to ambush his hunter and then charge suddenly from a thicket.

The lone bulls—expelled from the herd by younger and stronger rivals—turn man killers and give many hunters a bad time!
